

Final Project: Online Portfolio

Quote + Picture.

Task
Big idea

Purpose of project:

A senior will reflect upon their academic experience and demonstrate they have a mastery of academic skills and 21st Century skills needed for the world beyond high school.

effectively communicate academic knowledge & writing

Is this
+ the big
idea
or the
task?

Goal:

Students will create an online portfolio that will reflect their knowledge and achievements.

What Is An Online Portfolio?

An online portfolio is a collection of students' work that has been published online. Such collections may be viewed by parents, teachers, colleges and prospective employers. In contrast to a hard copy, an online version of a portfolio makes it so much easier to share with other people.

Requirements for the Online Portfolio-

1. Goal Plan
2. Personal Profile + reflection?
3. Cover letter, resume and letters of reference
4. 21st Century Skills-

Tech writing
Resume writing

career readiness

- Employability skills- 2 samples & reflection
- Financial Literacy - 2 samples & reflection
- Health Literacy- 1 sample & reflection
- Technology Literacy- 2 samples & reflection
- Civic Literacy- 2 samples & reflection

clarify reflection length
to beyond the collection.

choices?

What's new about me that you need to know

For each sample you will provide a short reflection explaining how the sample you chose shows you have knowledge, training or experience of that skill.

We will spend two weeks working on this project. Here is the tentative work schedule:
